Minutes of the group Meeting

Team 05

Yiwei Zhang, Lei Jin, Shuchen Wu, Yen You Chew

Tuesday 17th May 2022

Note taking for the meeting:

Shuchen Wu

1 Time and Place

The group meeting for the Master of Computing & Innovation Group Project was held face to face, at 10:30 am on Tuesday 17th May 2022.

2 Goal of the week

Finish the searching function in Course Advisor

3 Task allocation

3.1 Yiwei Zhang

- Backend: input past course and grade, provide advice courses

3.2. Lei Jin

- Develop search bar and grade input, connect with backend

3.3 Yan You Chew

- Fixing the title of distribution display box

3.4 Shuchen Wu

- Fix the dependency ux interaction
- Develop the frontend of Course Advisor search page

4 Testing plan

4.1 Discuss the method and time for the testing

- Defect testing: test while developing
- Unit testing (individual testing): test while developing
- Integration and release testing (feature/function testing): test in weekly group meeting
- System testing (test with the website): at the end of week 12

4.2 Brainstorm risks

Front end low quality content display (medium)

Front end confusing user interface (low)

Front end confusing/user experience (medium)

non-responding front end button (medium)

"Npm start" crashes on different OS (high)

Invalid input may crash the backend server (high)

low algorithm efficiency (medium)

Invalid course code that results in a blank page (medium to high) Add an error handler for dealing with invalid course code.

5 Time for the next meeting

Wednesday 9:30pm, validate the testing plan as a group.
