

Minutes of the group Meeting

Team 05

Yiwei Zhang, Lei Jin, Shuchen Wu, Yen You Chew

Thursday 9th June 2022

Note taking for the meeting:

Shuchen Wu

1 Time and Place

The group meeting for the Master of Computing & Innovation Group Project was held online, at 20:30 pm on Thursday 9th June 2022.

2 Task allocation for testing plan

2.1 Integration testing

- Shuchen Wu: course relationship display
- Yan You Chew: course advisor display
- Alvin: course advisor and relationship input, login
- Yiwei Zhang: produce the expected output for all the test cases

2.6 System testing

- Complete user flow of pretending target audience – student (could have incorrect behaviours) -> Yiwei Zhang, Yan You Chew
- Complete user flow of pretending target audience – course coordinators (could have incorrect behaviours) -> Alvin, Shuchen Wu

3 Demo

3.1 There are two parts of the demo: introduction of functionality, user cases

- Sharing the screen (Shuchen Wu)
- Introduction of the home page and the project (Shuchen Wu)
- Introduction of the functionality - Course Relationship (Yiwei Zhang)
- User case: pretending I am a course coordinator, show how our product will help with using Course Relationship function (Shuchen Wu)
- Introduction of the functionality - Course Advisor (Alvin)
- User case: pretending I am a student, show how our product will help with using Course Advisor function (Yan You Chew)
- Summary (Shuchen Wu)
