1 Goal of the week
We are aiming to finish the Course Relationship function this week. From next week on, we should start milestone 2 and be developing our next function – Course Advisor.

2 Discuss task of the week and task allocation
Below are the current tasks that I think of, might be added during the discussion in the meeting.
2.1 Developing and connecting new search bar with autocomplete
2.2 Developing the backend of dependency course grade search
2.3 Feature: click on grade to call the distribution for the searched course in both prerequisite and dependency
2.4 Building the connection between frontend and backend with dependency search
2.5 Hero motion/image for home page
2.6 Styling the dependency display page
2.7 Developing the user experience (e.g the clicking, click and hover effect)
